Please indicate below which exemption the proposed activity qualifies as:

- Replacement of public and private structures, streets, driveways, public and private utility facilities, flood control facilities, constructed ponds, recreational areas and lawns and landscaping in existence as of May 1, 2003, or subsequently approved by the City, that are destroyed by fire, flood or other unintentional cause.
- Infrastructure expansion or enlargement, including the expansion of capacity of public streets, driveways, public or private utility facilities, flood control facilities, communication or energy distribution and transmission systems (including cables, lines, poles but excluding substations), which does not increase development area.

The following development or redevelopment that is, or will be, located within the SNRO, provided that the applicant complies with the general development standards in Section 12.27.230.A (including verifying the SNR Site and Impact Area boundaries):

- All development or redevelopment not located within the boundary of a verified SNR Site or Impact Area.
- Development or redevelopment, including redevelopment of existing impervious areas within the boundary of a verified SNR Site or Impact Area, that does not increase the development area within the SNR Site or Impact Area.
- For each lot of record, up to 500 square feet of development within Impact Areas within a 5-year period.
- For each lot of record as of May 31, 2003, up to 200 square feet of development within SNR Sites within a 5-year period.
